

**AUTORIDAD DEL CANAL DE PANAMÁ
EXECUTIVE VICE PRESIDENCY FOR OPERATIONS**

ADVISORY TO SHIPPING No. A-14-2013

May 29, 2013

TO : All Shipping Agents, Owners, and Operators

SUBJECT: Suspension of Water Conservation Measures

The purpose of this Advisory is to inform the shipping community of the arrival of the rainy season to the Panama Canal watershed. The water levels at Gatun and Madden Lakes are returning to normal, thus allowing us to discontinue the water conservation measures previously announced and implemented since May 8, 2013, in Advisory to Shipping A-11-2013.
