SUBJECT: Unscheduled Lane Outage at Gatun Locks

Beginning at 1500 hours on Monday, November 29, 2021, until 0600 hours on Tuesday, November 30, 2021 (15 hours), the **East Lane** of Gatun Locks will be out of service for dredging work at the entrance of the north approach wall.

Although **Condition 1.a** for the Panamax locks will remain in effect, it is necessary to adjust the number of available slots during this period. As a result, the auctioned slot for vessels under 27.74m (91 feet) in beam, will not be offered for Monday, November 29, 2021.
