

HUMAN REOSURCES DEPARTMENT SAFETY AND INDUSTRIAL HYGIENE UNIT	SUBJECT: HEARING CONSERVATION CHECKLIST	REVISION A	PÁGE 1 OF 1
FOR USE WITH HEARING PROTECTION STANDARD 2600SEG215		REVISION DATE 01-Aug-2005	EFFECTIVE DATE: 01-Aug-2005

Area	Check Points	2600SEG215	Check (√ or NA)
Working Environment	Do not introduce or purchase hearing protection products without RSHH approval	7.4	
	Operations with pneumatic tools	6.1.4	
	Drilling equipment	6.1.4	
	Power stations	6.1.4	
	Shop operations	6.1.4	
	Sandblast operations	6.1.4	
	Arc-air operations	6.1.4	
	Internal combustion engines	6.1.4	
General Working Practices	Warning Signs ** 2600SEG121	6.1.1 (a)	
	Proper use of PPE	R	
	Proper storage of protective devices	6.2.1	
	Use of engineering controls	6.2.6 6.2.7	
	Protective devices abandoned in the working area	R	
	Working in a noisy environment without protective equipment	6.1.4	
Types of Personal Protective Equipment	Single protective devices / Earplugs or earmuffs	6.1.4	
	Double protective devices / Earplugs and earmuffs	6.1.4	
	Appropriate noise reduction ratings (NRR)	R	
	Appropriate technique for the insertion of earplugs into the ears	R	
Physical Conditions of the Protective Equipment	Conditions of the contour and surface of external contact	R	
	Sanitary conditions of the protective equipment	7.4	
	Internal conditions of cups and insulating material	R	
Training	To facilitate PPE training and its purposes, facilities and good hygiene practices, and impacts on health	6.6.1
