Container type	20x8x8.5	20x8x9.5	40x8x8.5	40x8x9.5	45x8x9.5	48X8X9.5	53x8x9.5	Other size L x B x H		Other size L x B x H		TOTAL UNITS	TOTAL WEIGHT (MT)
Loaded Dry													
Loaded Reefer													
Loaded Flat Rack													
Empty (All types)													
Ship's equipment													
Total above deck													
Is any container on board for commercial use?													
Specify non containerized cargo type on deck										Weight (MT)			
Specify cargo type in cargo hold										Weight (MT)			
								Total cargo on board (above deck and cargo holds)		Weight (MT)			
* Containers must be declared considering the size, type and condition (loaded or empty).													
* Sizes not listed must be included in the "other size" section.													
* Empty containers must be declared on "Empty (All types)" section, regardless the container type.													
* Containers carrying ship's equipment must be declared on "Ship's equipment" section, regardless (loaded or empty).													
* Loaded flat racks containers (20 ft) must be declared as a (20 x 8 x 8.5) size.													
* Loaded flat racks containers (40 ft) must be declared as a (40 x 8 x 9.5) size.													
* A bundle (piled up) up to 4 flat racks shall be declared as 1 empty container, as long as the combined height does not exceed 8.5 feet. If exceeds, an additional empty container must be declared.													
* Lashing bins shall not be declared as containers.
